

Monster Strike Of Decade Is On In France

FRANCE IS STANDING ON VERY VERGE OF ANARCHY

300,000 Men of Transportation Companies Declare Strike, and Army is Held Ready to Act.

PARIS, Oct. 12.—Three hundred thousand employees in all the affiliated branches of the transportation service voted tonight to strike tomorrow evening. At that time every train in France, every packet steamer and river boat under the jurisdiction of the "Syndicate," as the French unions are called, will be tied up.

The government is taking strong repressive measures. Hundreds of arrests are imminent. It is privately intimated that the first section of the army reserve will be called to duty tomorrow night.

"This is not a strike which the government faces," said Premier Briand tonight. "It is a criminal insurrection and will be treated as such. We have warned the leaders to be careful. They have not heeded our good advice and they must swallow the consequences."

The streets are thronged tonight with strikers. Gendarmes and soldiers are patrolling all the leading thoroughfares, attempting to disperse the crowds wherever they gather to listen to the speakers. Several attempts to start demonstrations were suppressed. Messengers are held in instant readiness to summon troops. The first reserves tonight were ordered to sleep on their arms.

The crisis of the trouble was not expected until tomorrow night when the general strike was to be on. The railroads and transportation companies are scouring the city for men to stand guard over their property. It is feared some one will make attempts at wholesale destruction of the employers' property.

PARIS, Oct. 12.—Forty thousand employees of the Eastern Railway and two thousand of the Western Railway employees joined the strikers today. Eighty thousand employees of the Lyons & Mediterranean, France's largest railroad have planned to quit tonight. The employees are expected to strike momentarily.

Serious rioting and bloodshed is expected. Loyal employees at the stations fought the mob and aided the soldiers to place the rolling stock in places of safety.

Several clashes of troops and strikers occurred today. Practically the entire French army is under arms waiting orders to disperse the mobs

APRICOT GROWERS WILL HOLD MEETING HERE ON SATURDAY

The Board of Directors of the Orange County Dried Fruit Association will meet next Saturday at 2 o'clock at the office of the Walnut Growers' Association, to discuss the present condition of the apricot market, and to have presented to them information gathered by the committees in reference to plans for next year. They will be pleased to have members present who are still holding their fruit.

Eleven cents per pound has been the highest price so far paid to Orange county growers. Not many sales have been made at that price because of a lull in the market. This is said by growers of long experience to be a usual state of affairs at the time of walnut buying and they assign the preoccupation of the buyers with the walnut business as the reason for it.

Buyers are not at present actively in the market for dried fruit while they are busy handling the walnut crop, but they are offering 10% cents a pound at present. The Los

JOHN A. DIX OPENED CAMPAIGN TODAY

Attacked Roosevelt in Bitter Words—Colonel Declined to Make Reply

THOMSON, N. Y., Oct. 12.—Calling Roosevelt the "apostle of discord and dissension" and charging that he is able to disturb business to the verge of panic, John A. Dix, the Democratic gubernatorial nominee, formally opened his campaign today. Roosevelt was scolded in blistering terms in his speech.

"Any American," he said, "occupying a position of prominence, with access to the public ear, who assails the courts, should be regarded as a public enemy and branded by reasonable men. If he is permitted to weaken and destroy the power of the Supreme Court, we shall see in times of peace a dangerous disturber bringing destruction to a free people."

ELY QUILTS 1000-MILE RACE AFTER 3 STARTS

CHICAGO, Oct. 12.—Eugene Ely yesterday afternoon abandoned his race against time between Chicago and New York City, and a million of the residents of northern Indiana who have strained their necks for three days to get a glimpse of the aviator will be given a rest.

With twenty miles and three breakdowns to his credit in three days the possibility of making the other 980 miles by next Sunday afternoon dampened Ely's ardor and he began to dismantle the machine. Negotiations are being made for a new start later.

Angeles wholesale price is quoted at 12 to 14 cents.

A Ventura grower writes: "Mr. J. D. of Ventura, came up to see me two weeks ago and left the papers of the Ventura County Dried Fruit Association with me. I succeeded in getting seventeen growers to sign it here, with 301 acres of apricots. I am to call a meeting of the growers here and we will elect two representatives from our section to meet with you and Mr. T. at Ventura, at which meeting we expect to elect the directors and officers of the Ventura association."

"We are still holding our fruit here for 12 cents."

It is encouraging to know that the growers in Ventura are going actively ahead in perfecting and making permanent their association. We hope that the work will soon be taken up by Santa Clara county, which is the largest producer of dried apricots. Ventura and Orange rank next, with room for doubt which is second or third.

J. G. BERNEIKE, M. D.

MADE 21 STANDING COMMITTEES TODAY

Constitutional Convention of Arizona Puts Business Through With Rush

PHOENIX, Oct. 12.—Without debate, the committee on committees' report was adopted by the constitutional convention today, creating twenty-one standing committees.

Mulford Winsor of Yuma, an unsuccessful candidate for the presidency of the convention, will probably be chairman of the legislative committee, which will have the preparation of the initiative and referendum clauses of the constitution, around which the fight for the election of delegates centered.

The "patronage" within the bestowal of the convention is causing much apparent bitterness among the delegates. Thirty clerks, whose aggregate salaries will be \$150 daily, will be named to aid the delegates. An effort made today to cut down this expense resulted in an attempt to cut off the \$5 daily salary of the chaplain. The chaplain's salary remained only when President Hunt declared: "It is impossible to place a monetary value on the prayers for the guidance of the law makers."

Labor, prohibition and woman's suffrage lobbies are here to try to secure an incorporation of their ideas into the constitution. Their activities were curtailed by the resolution passed Monday prohibiting lobbies from floor privileges.

TAFT IS PLANNING WORK FOR SOLONS

Congress Will Have Strenuous Program Including Pet Insurgent Theories

BEVERLY, Mass., Oct. 12.—The president is mapping a strenuous short session for congress when it convenes this autumn. His recommendations will include several measures for which the insurgents are fighting.

Foremost will be the demand for a more economical Federal administration. He will ask Federal charters for corporations and an amendment to the Sherman anti-trust law to permit railroads to enter into a limited agreement in regard to rates subject to the approval of the Interstate Commerce Commission.

He will continue to advocate his expressed policy favoring protection and a merchant marine.

TAFT HELPED BOSTON CHEER FOR COLUMBUS' DISCOVERY

BOSTON, Oct. 12.—President Taft watched fifty-two thousand persons march the streets today in honor of the anniversary of Columbus discovery of America. The parade was the greatest seen in Boston for many years. On the reviewing stand with the president were Governor Draper, Mayor Fitzgerald, Archbishop O'Connell and others.

Eighty-six now in attendance at Orange County Business College.

DR. CRIPPEN AND MISS LENEVE BOTH INDICTED

LONDON, Oct. 12.—Dr. Hawley Crippen today was indicted by the grand jury for murder in the first degree. Ethel Levene, the typist, with whom he was arrested after the disappearance of his wife's body, was indicted as an accessory after the fact, on the ground that she had guilty knowledge of the alleged crime. If Crippen is found guilty, he will hang. If the girl is convicted, she will get a long prison term. The case will probably go to trial without delay.

PESTILENCE AND FAMINE IN WAKE OF FLAMES

Men Hasten Under Rifles of Soldiers to Bury Bodies of Decaying Stock

WORK CONTINUES NIGHT AND DAY BY RELIEF CORPS

Beaudette Conditions Menace Epidemic—Bodies Buried In Trenches

INTERNATIONAL FALLS, Oct. 12.—Famine and threatening pestilence today are following in the wake of the terrific forest fires which have swept this section, causing enormous loss of life and property.

Hundreds of men are working under the rifles of National Guardsmen, burying the bodies of cattle and other livestock, destroyed by the fire. The stench arising from the carcasses is terrible.

Voluntary and compulsory relief corps are working night and day to bury the dead bodies before the streams become contaminated and an epidemic starts. Conditions at Beaudette and Spooner are desperate. Governor Eberhardt today ordered surgeons of the National Guard to assume charge of all sanitary efforts. Citizens and militia are distributing food. Martial law is still enforced at many points. Seventeen bodies, unidentified were buried in a trench at Beaudette by guardsmen's orders.

Lumbermen have estimated that the damage in this section is twenty millions of dollars.

ROOSEVELT DECLINES TO REPLY TO DIX'S ATTACK

PEORIA, Oct. 12.—When informed of the attack made on him by John A. Dix, branding him as a "dangerous disturber," Colonel Roosevelt refused to make any comment.

(Concluded on Page Eight)

REGISTER'S FUND FOR RELIEF OF TIMES EXPLOSION VICTIMS

The Register's offer to receive subscriptions for the relief of the Times explosion victims has brought in a small amount of money, as shown below. If there be others who desire to contribute they may still do so through this paper and the amounts will be acknowledged and promptly remitted to the treasurer of the fund in Los Angeles.

Subscriptions to date are as follows:

The Register	\$5.00
Wm. Willis, Laguna	\$5.00
S. Hill	\$5.00
J. M. Aikens	\$2.50
A. Giles Johnson	\$2.00
Friend	\$1.00

A Sympathizer	\$1.00
John F. Horsley	\$1.00

MASONIC GRAND LODGE IN SESSION

No Contest is Expected Over the Election of Officers for Coming Year

SAN FRANCISCO, Oct. 12.—The annual convention of the Grand Lodge of Free and Accepted Masons of California today disposed of routine business. This afternoon the grand orator is scheduled to deliver the annual oration. Arrangements are completed for memorial services tomorrow for late Grand Master W. Frank Pierce.

There is no contest over officers, who will be elected by succession and promotion, according to precedent.

MORE BODIES ARE TAKEN FROM MINE

Identified by Brass Checks—Labor Commission Probing Charge of Carelessness

STARKVILLE, Cal., Oct. 12.—Three more bodies in addition to the eleven removed yesterday, were recovered from the Starkville mine today. They were mangled and burned beyond recognition and were identified only by the brass checks each carried.

A public funeral of all the victims will be held when all the bodies are recovered. The coroner's inquiry is scheduled for today.

The rescuers at noon approached "K" in the series of tunnels, where twenty men are believed to have been imprisoned. New fans have been installed, and the debris will be removed as rapidly as possible.

Deputy Labor Commissioner Cross is today investigating the charges that the ventilating fans have been carelessly watched, and that one fan frequently threw sparks sufficient to cause an explosion.

GOV. GILLETT REVIEWED NATIONAL GUARDSMEN

ATASCADERO, Cal., Oct. 12.—After standing in the drizzling rain for two hours, awaiting Gov. Gillett and five thousand regulars, the guardsmen were reviewed by the chief executive today. The governor was escorted to the field by Gen. Tasker H. Bliss, Gen. Wankowski and troops of cavalry. Following the inspection, the governor received the staff officers.

TO BUILD SUGAR FACTORY NEAR HUNTINGTON BEACH

Holly Sugar Company of Colorado Will Have Plant in Operation for 1911 Season—Forsyth Gets Acreage.

A new sugar factory is to be built in Orange county. It will be located in the vicinity of Huntington Beach. This factory with the one to be built at Anaheim will make the fourth sugar factory for Orange county.

Acreage is being signed for the Huntington Beach factory, which will be constructed by the Holly Sugar Co., of Colorado. Officials of that factory arrived at Huntington Beach yesterday, and are reported to have put in the day going over the adjoining territory. Negotiations have gone so far that the people of Huntington Beach feel certain that the factory will be built and in operation ready for the 1911 sugar season.

The officials of the Holly Sugar Co. who are at Huntington Beach are W. M. Wiley, president and general manager of the Holly Sugar Co., S. W. Sinsheimer, constructing engineer, and Judge Rogers, attorney for the company. These men are themselves all wealthy, and the company has high financial standing. The officials ask for no local subscription. Not a dollar of stock is for sale. The money will all come from the firm.

Those connected with the enterprise are reticent about giving out information, but the facts as given here are in the possession of local sugar men, as has been learned from various sources.

It is known that R. L. Forsythe of Santa Ana has been the advance man in the field. His work has been done energetically and well, and a large acreage has been signed up by him in the lowlands. The result of his preliminary work in getting the contracts evidently brought the officials of the company to the county, and Huntington Beach people are jubilant over the assurances that seem to have been given them.

The Holly Sugar Co. is well known in the sugar world. It owns and operates two factories in Colorado, one of 1000-tons capacity at Holly and another of 600-tons capacity at Swink. The growers who have signed with the company have been given assurances that the plant to be installed will be new from the ground up.

Orange county already has two sugar factories in operation, one at Alamitos and one at Santa Ana. A few months ago a movement was started by H. S. Hadsall for locating a factory at Anaheim. Eastern capital was interested, and a site has been bought and acreage contracts signed. Construction is as good as underway. It will be in operation next summer.

Now comes the fourth sugar factory project. Its capacity could not be learned. With these four factories Orange county will jump high up in the scale in sugar production. The last two or three years has seen a wonderful increase in the acreage set to sugar beets, and there are large bodies of land that await turning from lesser purposes to beet growing.

and admits coming recently from Los Angeles, is in jail here on suspicion of being concerned in the blowing up and burning of the Times building.

Incriminating letters which he tried to destroy were found in his possession.

The arrest was made upon request of Chief Galloway. Lieut. Sebastian is here with a prisoner for the penitentiary at Folsom and took a look at Wallace. He did not identify him, however.

EIGHTEENTH BODY IS FOUND IN TIMES RUINS

LOS ANGELES, Oct. 12.—Yesterday the fragments of a body with a heap of ashes, was discovered in the Times ruins, this making the eighteenth to be found. This completes the estimated toll of missing, but it is believed there may be one or two more bodies in the ruins.

WALLACE ARRESTED ON INCRIMINATING LETTERS

LOS ANGELES, Oct. 12.—The secret police surveillance which is being maintained over the two men suspected of complicity in the Times disaster was strengthened yesterday afternoon when Attorney Earl Rogers, who is in charge of the investigation, received a threatening anonymous letter. In the communication to the attorney the unknown writer suggested that the espionage over the Los Angeles man and the guard over the injured miner who is being held in a northern sanitarium should be immediately relinquished. In the event such action was not taken, the anonymous correspondent stated, the two men would never be taken into custody.

CARNIVAL BRINGS A NEW RESIDENT

Oklahoma Man Decides That He Wants This Place for His Future Home

The Carnival of Products convinced J. A. Davis of Wethersford, Okla., that he wanted to live here. Yesterday he bought a home. He purchased the residence of Mrs. W. A. Reuter at the corner of South Sycamore and West Walnut streets, and will take possession of it on Jan. 1.

Mr. Davis and his brother-in-law, J. A. Steele, and their families were in Los Angeles on a visit from their farms in Oklahoma, when they were attracted here by the carnival. They left for the East last night, and after Mr. Davis closes out his interests there he will move here. He will retire from the farming business. The sale was made through T. P. Marsh, real estate agent.

Bad Symptoms.

The woman who has periodical headaches, backache, sees imaginary dark spots or specks floating or dancing before her eyes, has gnawing distress or heavy full feeling in stomach, faint spells, dragging-down feeling in lower abdominal or pelvic region, easily startled or excited, irregular or painful periods, with or without pelvic catarrh, is suffering from weakness and arrangements that should have early attention. Not all of above symptoms are likely to be present in any case at one time.

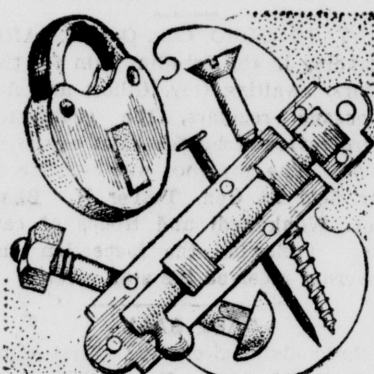

Neglect or badly treated and such cases often run into maladies which demand the surgeon's knife if they do not result fatally.

No medicine extant has such a long and numerous record of cures in such cases as Dr. Pierce's Favorite Prescription. No medicine has such a strong professional endorsement of each of its several ingredients—worth more than any number of ordinary non-professional prescriptions. The very best ingredients known to medical science for the cure of woman's peculiar ailments enter into its composition. No alcohol, harmful, or habit-forming drug is to be found in the list of its ingredients printed on each bottle wrapper and attested under oath.

In any condition of the female system, Dr. Pierce's Favorite Prescription can do only good—never harm. Its whole effect is to strengthen, invigorate and regulate the whole female system and especially the pelvic organs. When these are changed in function or affected by disease, the stomach and other organs of digestion become sympathetically deranged, the nerves are weakened, and a long list of bad, unpleasant symptoms follow. Too much must not be expected of this "Favorite Prescription." It will not perform miracles; will not cure tumors—no medicine will. It will often prevent them, if taken in time, and thus the operating table and the surgeon's knife may be avoided.

Women suffering from diseases of long standing, are invited to consult by letter free. All correspondence is held strictly private and absolutely confidential. Address World's Dispensary Medical Association, Dr. R. W. Pierce, Pres., Buffalo, N. Y. Dr. Pierce's Special Adviser (1000) is sent free on receipt of 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy. Address as above.

BUILDERS' HARDWARE

COLONIST TRAVEL IS NOW AT FLOOD

Thousands From East Reach Los Angeles Each Day of Rates

Los Angeles Examiner: Colonist traffic into Los Angeles, now at its flood, is 50 per cent greater than ever before registered on the three railroads now bringing thousands daily into this city. The final records will read, if estimated according to the present influx, from 50,000 to 60,000 Easterners brought here this season of thirty days.

The initial influx of colonists during August and the early part of September was small in comparison to the multitudes of the present season. The final rates will be in effect from October 1 to October 15, and the last days in which the rates are in effect will see the heaviest traffic ever known to this section, according to the railroad officials.

Every day the Santa Fe brings to Los Angeles 1500 persons. This number is computed by making a conservative estimate of the number that ride in the chair cars. From one to three special trains arrive daily over the route.

On the Salt Lake, traffic has been so heavy that extra trains are added daily and the regular trains are operating under the heaviest patronage that the road has ever known. The inventory of the Salt Lake roads announces from 150 to 265 colonists on the regular trains, aside from the specials, that bring nearly 1000 people.

A. Wann, traffic manager of the Salt Lake system, said: "Never before have we known such a colonist travel as this year. Every train is loaded down to capacity, and our specials are bigger than ever before."

James P. Byrne, assistant passenger traffic manager of the Santa Fe, believe the traffic of colonists this year will be over 50 per cent greater than ever before.

COMPANY QUARTET SANG AT SERVICES SUNDAY MORNING

ATASCADERO, Oct. 10, 1910.

Sunday everybody laid off and went to church. The Seventh Regiment services were in charge of the regimental chaplain. The Co. L quartette composed of Sergeant Thompson, Musician Walton, Privates Hill and McKean, lead the singing and were complimented by the chaplain.

Monday morning the companies joined in battalion drill.

Lieutenant McBride has been appointed battalion adjutant, to take the place of Lieutenant Mervin who returned to Los Angeles.

The boys are preparing for a hike that will last until Wednesday morning. Each man will carry a full campaign outfit.

It is reported that we will have a big review on Wednesday afternoon. The Governor will probably be here. PRIVATE F. H. MITCHELL, Co. L, 7th Infantry.

AMUSEMENTS

Why the Raven is Black

Before going further, let me say as an introductory comment, that up to this time Raven was white and not black as he is today. Raven's greatest failing was laziness and consequently, he was inclined to steal, which he has been doing ever since.

Why Raven became black happened in this way: One time when the people were out fishing, and no one was at home, Raven flew in through the opening of the house and began helping himself to the dried meats and fish that were hanging over the fire to dry. Raven being greedy, did not fly away as he should have done, when he had enough.

When the fishermen returned, Raven was caught in one of the houses, helping himself as though he owned the place. The men pulled the ropes that were used for closing the opening and as the door was closed, Raven was trapped. Then they took torches of pitch and held them under him. He flew about in the room, but his tormentors were too much for him. The black smoke gradually darkened the white feathers until they became black. Raven has been black ever since.

From this tribe of peculiar believing Indians who treasure their traditions and mythologies to the present day there is one of the number in the Toona Indian Company appearing at the Grand Opera House Friday and Saturday, Oct. 14 and 15.

Benjamin Clothes
Alfred Benjamin & Co. MAKERS NEW YORK

Benjamin Clothes
Have Come to Santa Ana
Nearly every one has heard of the Alfred Benjamin make for men.

Wherever there are good dressers BENJAMIN CLOTHES take first rank. Ask any man who is posted on clothing and he will tell you there are no better clothes made. Most men we know and especially the young men, are arguing with themselves just now about the style of suit they are going to wear for fall and winter.

Some of them, (we're told) are in favor of a fairly loose back style while others prefer the semi-form fitting model which we picture above.

It Is Called the Seabright

The Seabright is a three-button sack suit which has been in great demand in New York for some time and we predict for it a very flattering reception here in our city. While "BENJAMIN CLOTHES" are built by the very best clothes talent which New York City can supply and while the styles are precisely like the most exclusive Fifth avenue tailors are putting out, they are moderately priced.

Take it from us—see the Benjamin Clothes before you decide on your Fall Suit.

MISERY ENDS**Indigestion, Gas, Heartburn or
Dyspepsia Go In Five
Minutes

—If you had some Diapiesin handy and would take a little now your stomach distress or indigestion would vanish in five minutes and you would feel fine.

This harmless preparation will digest anything you eat and overcome a sour, out-of-order stomach before you realize it.

If your meals don't tempt you, or what little you do eat seems to fill you, or lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Ask your pharmacist for a 50-cent case of Pape's Diapiesin and take a little just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no undigested food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin is certain cure for out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is at any drug store waiting for you.

These large 50-cent cases contain more than sufficient to thoroughly cure almost any case of Dyspepsia, Indigestion or any other stomach disturbance.

Coming Tomorrow Evening
—Orange News Notes

Orange News: The Orange Military Band will give a public concert next Thursday evening, the second of a series. It will be given in the open air, but the location of the band stand has not yet been announced.

The band received valuable experience by playing during the street fair, and is rapidly improving. The program announced for Thursday evening is:

March, Captain Allen (Missud).
Overture, Inspiration (Hayes).
Schottische, My Josephine (Daniels).

Fantasia, Living Pictures (Dalbey).
Waltz, Impassioned Dream (Rosas).
Two-step, De Molay (Hall).

Basketball practice will be held at the Athletic Club this evening for the candidates for this year's team.

Two light practices have already been held at which a number of new men appeared, insuring plenty of material for a strong team. The basketball men are taking only light work as yet and no games will be played for several weeks.

The University of Southern California has requested a game at an early date and the season will probably be opened with the college team as soon as the home players can get in to condition.

A reception by the faculty and students of the Orange Union High School to the new students and new teachers will be tendered at the High School building on next Friday evening.

Mr. and Mrs. Grout of Washington, Kansas, are expected tomorrow to spend the winter here with their son, Mr. Perry Grout.

Mrs. Esther Rose and her daughter-in-law, Mrs. Minnie Rose, and family, of Boise, Idaho, arrived here this morning to spend the winter. They are staying at present with Mrs. Rose's brother, Mr. Edward Coate.

Wm. Hinrichs, the young baseball pitcher who was stricken with infantile paralysis while pitching for Washington in the American League, will return to his home some time next week. He is said to be in a much improved condition and able to travel.

At the annual election of officers of the M. E. Sunday school board, held the latter part of last week, the following officers were elected for the ensuing year: S. R. Coate, superintendent; Prof. W. M. Fishback, assistant superintendent; Lulu Kenyon, secretary; Mrs. Emily V. Reed, treasurer.

Announcements have been received here of the marriage of Lottie I. Wells, daughter of Mr. and Mrs. W. G. Wells, to Clarence O. Barrows at Newington, Conn., on Wednesday, October 5th. Miss Wells and her parents once lived in Orange and have many friends here.

Mr. and Mrs. G. C. Buchanan and Mr. and Mrs. H. Moody are expected to arrive this week from Mendota, Ohio, to make their home here. Mr. and Mrs. Buchanan are the parents of G. W. Buchanan. Mrs. Moody is his sister.

How to Save

—Most everybody wants to save, but don't know just how. Here's one safe and profitable way. Deposit what money you can, when you can—in the Orange County Mutual Building and Loan Association of Santa Ana. Pays 6 per cent interest. Withdraw any time. No fines or forfeitures. Write our representative Charles H. Leonard, Jr., today and he will call and tell you about it.

Teeth Made From Paper

One of the oddest uses to which paper has been put is that which has resulted in the manufacture in Germany of artificial teeth. They are said to retain their color and are less likely to chip than ordinary false teeth. When the wine growers of Greece were badly off for wool with which to construct their casks they used paper to make barrels. Out of the sheets of an Austrian paper an ingenious engineer constructed for his own use a small yacht, 20 feet long. In the construction of the hull, deck, masts, sails and rudder several thousand copies of the journal were used. Each plank required 2500 leaves, and enormous pressure was used to procure the necessary solidity. Several countries have experimented with a view to utilizing paper for the paving of roads and streets, but the cost was prohibitive.

—Orange County Business College night school opens Sept. 26.

—Bean sacks for sale. Junkin & Keeler, Garden Grove.

**CUP WINNERS
ANNOUNCED**O. M. Robbins Again Holds
Challenge Cup With His
Buff Leghorns

S. J. Jackman has handed the Register a list of the names of the winners of silver cups offered by the poultry department of the Carnival of Products.

The Orange County Poultry, Pigeon and Pet Stock Association challenge cup was by O. M. Robbins, Santa Ana, on Buff Leghorns. This cup is to be competed for at each successive carnival and will become the property of the member of the association winning it three times. It was won by O. M. Robbins on Buff Leghorns in 1909.

The following is the list of winners of the cups in the poultry show. The cups will be the property of the persons named, and may be had on application to the secretary of this district, S. J. Jackman.

American class—First prize cup won by F. A. Holbrook, proprietor of the White Plume Poultry Ranch, Santa Ana, on White Rocks. Second prize cup won by J. W. Elliott, North Main street, Santa Ana, on White Wyandottes.

Asiatic class—First prize cup won by John Holt of Tustin on Light Brahmas.

Mediterranean class—First prize cup won by Mrs. Thomas Wainsley of Santa Ana on Mottled Anconas. Second prize cup, T. H. Bowen, Garden Grove, on White Minorcas.

English class—First prize cup, L. R. Holbrook, Santa Ana, on Black Orpingtons. Second prize cup, J. G. Morrow, on Buff Orpingtons.

Dutch class—First prize cup, N. D. Palmer, 2058 Bush street, Santa Ana, on Silver Spangle Hamburgs.

Oriental Game and Bantams—First prize cup, J. W. Elliott, Santa Ana, on Cornish. Second prize cup, B. F. Kuechel, R. D. 2, Orange, on Cornish.

Ornamental Bantams—First prize cup, Kuechel, Orange, on Black Cochins pair. Second, Kuechel, Cochins on Bantams.

Ducks—First prize cup, A. H. Grant, 2525 C street, Santa Ana, on White Indian Runners. Second prize cup, Mrs. Ava Scholl, 1207 East Twentieth street, Santa Ana, Indian Runner ducks.

Geese—First prize cup, J. H. Hoxie, 1003 Grand avenue, Santa Ana.

Turkeys—First prize cup, William Shaffer, Santa Ana.

Pigeons—First prize cup, Howard Timmons, 2220 North Main street.

A SIMPLE QUESTIONSanta Ana People Are Requested
to Honestly Answer
This

—Is not the word of a representative citizen of Santa Ana more convincing than the doubtful utterances of people living everywhere else in the Union? Read this:

E. O. McKinney, 824 East Third street, Santa Ana, Cal., says: "Doan's Kidney Pills were especially suited to my case and in view of my experience, I am glad to recommend them. For a year and a half I suffered from pain in my sides and over my right kidney. It was a throbbing or beating pain and it seemed as if a knife were being thrust into me. I thought that the trouble was caused by heavy lifting but I was unable to get relief from the remedies I took. Acting on the suggestion of a party who had used Doan's Kidney Pills, I procured a box at Dean's Drug Store. Finding relief from their use, I continued taking them and it was not long before the pain had ceased. The passages of the kidney secretions were also regulated and my kidneys were restored to a normal condition. I have had no symptoms of kidney complaint since and therefore feel justified in giving Doan's Kidney Pills my endorsement." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

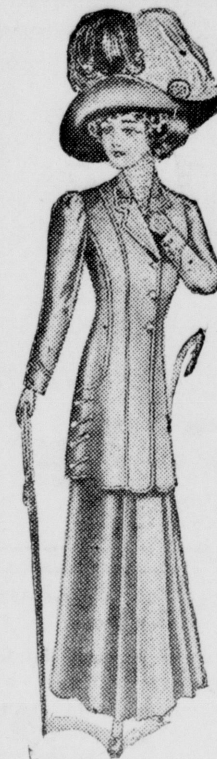

Remember the name—Doan's—and take no other.

—New Method Gas Ranges save 25 to 40 per cent on your fuel bill. Heat water twice as quickly as other makes. Ask those who are using them. Horton-Spurgeon Furniture Co., exclusive agents.

—Implements and vehicles. J. C. Williams & Son, 307-9 East Fourth St., Santa Ana. 161-7 North Glassell St., Orange.

Liberty Lanterns

Made from the best materials obtainable and contain many exclusive desirable features.

The Light Giving Qualities of Liberty Lanterns are unsurpassed. They are so constructed that air is supplied in sufficient quantity to the burners to cause perfect combustion, consequently a Clear White Light is obtained.

One of the most important features of a lantern is the Globe Lifting Device. The "Hold Fast" Lifting Device, used on Liberty Lanterns, is simple and positive; there is nothing to get out of order.

All Liberty Lanterns have wicks fitted to burners, ready for use.

NO CAUSE FOR ALARM

So much has been written from time to time about the earth slides in the big Panama canal cut that a great many have really begun to fear that the work can never be completed, while still more are confident it will be extended long beyond the date fixed for the opening ceremonies. In the face of this feeling it is encouraging to read the opinion of F. L. Waldo, as given in his account of a recent visit to the isthmus:

"A great deal of nonsense has appeared in print in the United States about the Cuarcacha and other slides. Reference to the 1909 report of the Canal Commission will show that the engineers anticipated slides to the extent of about 4,000,000 cubic yards in the central division. They have now enlarged their estimate to 7,000,000. Suppose the completion of the canal should be delayed two months by these untoward happenings—what is two months when mankind has waited for four centuries? One of the slides occurred the night before we came to Culebra and the next day we saw a shovel, with dirt trains in assiduous attendance, eating out the heart of it. It was a big slide, a slide that worried the heads of the work, and yet no layman could have seen what there was to make such a fuss about. To read some of the saffron tinted journals, a 'constant reader' 2000 miles from the spot would be almost sure to believe that the walls of the cut from top to bottom were caving in. On the spot there seems to be practically nothing the matter."

THE STARKVILLE EXPLOSION

The explosion in a coal mine at Starkville, Colo., last Sunday again calls attention to the fact that more is said and less done to furnish protection for coal miners than any other class of workmen. A long list of terrible disasters of this sort have marred the history of the present year and every one of them has been an indictment against the humanity of the nation. It is true that the government has started the provision of stations for the aid of endangered miners, but it would seem that the first thing to be done would be to compel the owners to make their mines reasonably safe before the men are allowed to work in them. It is true this would cost something, but the cost of safety appliances on railroads was not permitted to stand in the way of their installation, and the need of the miners is just as great as was that of the railroad men.

FINE APPLE EXHIBIT

On Monday Watsonville opened one of the finest displays of apples ever made in the state. It is said that more than twenty-eight cars were used in making the display and that every apple in the lot was a credit to the greatest fruit country on earth. Those who have seen what Watsonville and the surrounding country can do in the way of apples will willingly believe anything that may be said in praise of the show or of the enterprise of the people who are making it. These fruit exhibits made by the different sections are giving California a lot of very valuable advertising and it is to be hoped they may grow in numbers and excellence:

An immense corporation controlling millions has been formed in New York for the purpose of establishing automatic groceries in the more thickly settled portions of the larger cities. Under this system the purchaser simply walks into the store, deposits the amount of his purchase in the slot set apart for that particular article, and receives the exact amount his money calls for. It is claimed that this method of marketing will prove a great boon for the poorer classes, as it does away with the cost of clerks and delivery teams and the exorbitant prices charged by some city grocers on small sales. Its development will be followed with the closest interest.

The Sacramento Bee points out one of the most striking cases we have noticed of the want of humanity and common decency on the part of so many of the speed maniacs. A Rhode Island pair of this breed, one of them a member of a city council, killed an

intruder on the public highway and dragged another for a long distance, hoping he would fall from the machine of his own weight. Finally they were obliged to stop to disentangle their living victim but left him in the track of the other machines where he lay all night suffering from two broken limbs. It would be difficult for the law to devise any penalty too severe for brutality such as this.

The action of the State Grange in voting down the proposed bond issue of \$18,000,000 for building a system of roads throughout the state will probably prove to be a death blow to that measure. There was already very decided opposition to it in all the counties that have voted bonds to improve their own roads and the votes the Grange can command will probably kill it beyond the hope of resurrection.

Those travelers who are haunted by fear of losing their baggage will be pleased to learn that the railroads are perfecting a plan for its insurance. Anything under \$100 in value will be insured without cost to the owner and for anything over that amount a very small addition will be made to the usual fare. If the roads keep this up it will soon be so that the kicker will have no joy left in traveling.

Reports from Mexico bring information of the discovery of another of the multitude of lost gold mines in that country, all of them carrying fabulous values. The government will take this one in charge and it probably can afford all the loss that will be sustained in its development.

The National Business League, representing a large number of the strongest business houses in the entire country, has voted in favor of San Francisco as the proper site for the Panama Exposition, in the face of projects from the New Orleans members of that body.

If the powers unite and return the crown of Portugal to Manuel, will it be worth any more than was the crown of France when it was returned after the imprisonment of Napoleon?

Newest Shoe Fashions

FOR WOMEN AND MISSES

Ladies' 15-button cloth or kid tops, ladies' patent kid with cravanette top, ladies' new foot form broad toe shoe, are among the new things.

Misses' and ladies' gun metal calf high shoe, 10-button high or low heel, at \$2.50.

Ladies' patent pump, ankle strap, and welt sole, at \$2.65.

Turner Shoe Co.

Miss Lulu Travis, formerly of Orange, but now of Alhambra, will spend Saturdays in Santa Ana in order to resume her piano work under my tuition. Miss Travis is one of my most advanced pupils, having studied several years with me before I went to Europe. She has taught very successfully in Orange and will be glad to see any of her old pupils while here at the Conservatory on Saturdays.

She will use the new studio which has just been furnished in room 12 in the Conservatory block.

Miss Carolyn Haughton will spend Saturdays at Garden Grove, where she will teach a large class of Conservatory pupils at the home of Dr. C. C. Violett. Her Wednesday and Saturday Kindergarten classes will be changed to Tuesday and Friday afternoons.

A number of new enrollments were made yesterday. You are next.

204½ East Fourth street. Phone Main 214.

Society

G.A.R. Circle Meeting

The Grand Army Circle will have initiation and refreshments at the Thursday, Oct. 13, meeting and all comrades and ladies are cordially invited to be present.

Lady Maccabees

The Lady Maccabees last night had a small but enjoyable social meeting after the business session was concluded. "Rally Night" was to have been celebrated, but owing to

pressure of carnival and other affairs, the turn out was small, and the delicious hot supper prepared for fifty or sixty was served for twenty. Pretty decorations made the supper, served in I.O.O.F. banquet hall, still more appetizing.

Dinner Party

Mr. and Mrs. A. Giles Johnson entertained last evening with a quiet dinner party, the guests for whom covers were laid being Mr. and Mrs. Henry Hickman and Mr. Sheldon. Dinner was served at 6 o'clock and roses and asparagus ferns were used in decoration.

To Open Studio

C. F. Krieger, an experienced violin and cornet teacher, has returned to Santa Ana and opened a studio at his home, 336 East Walnut street. Prof. Krieger will be remembered by musicians as formerly in charge of the city band. He is now in the Bell Theater orchestra.

Missionary Meeting

The Foreign Mission Society of the Methodist church, South, will meet in the ladies' parlor at the church Friday, Oct. 14. The program will be conducted by Mrs. Hamilton, Mrs. Warren and Miss Phillips.

Wilson-Hossler

There are scores of friends of the young couple who will be interested in learning of the romantic wedding of Miss Geneva Hossler and Ray Wilson, who were married at Upland at 2 o'clock yesterday afternoon, after quietly slipping away from their friends.

The bride, who is the handsome and accomplished daughter of Mr. and Mrs. H. H. Hossler, graduated from Normal School last spring and later

secured the position of teacher in the San Juan Capistrano schools. But "love's young dream" was far more inviting than school teaching and so, embarked in an automobile with the to-be bridegroom at the wheel and with Cupid for a guide, the young couple whirled away to Upland where the ceremony that made them one took place.

Mrs. Wilson has recently been at home, a vacation existing in the Capistrano schools during the walnut picking season, and the motor trip to Upland was made from here.

Mr. Wilson conducts an automobile rental business and has many friends here. The future plans of the young couple have not been disclosed, but whatever they may be, the good wishes of their acquaintances will be theirs.

Art Study Club Evening

The Art Study Club of Santa Ana opened its year's work with a social evening at the home of Mrs. Padgham Tuesday, Oct. 11. When the guests had assembled the hostess gave the evening's entertainment into the hands of the social committee.

As the club has been recently studying "Early and Modern Illustrators," the members were provided with scissors, paper and pencils and asked to demonstrate their knowledge by "cutting out their vacation capers." In a short time a frieze was constructed consisting of a series of figures pinned against a black background. Below each group dangled a card upon which the artist-poet had inscribed a verse which in some instances, perhaps, threw light upon the "cut out caper." Mrs. S. M. Davis received a beautiful bouquet of chrysanthemums in recognition of her talent. But a watermelon sketch was voted the funniest, with its accompanying jingle that was thus:

"Of all the things I like the best, 'Watermillion' heads the list. Big and sweet, juicy and red, From the patch behind the shed. Yum! yum! but it is nice! Wouldn't you like a slice? B— the light of moon or taper, Would you dare 'cut such a caper' As is shown on this small paper?"

After delicious refreshments were served, Mrs. Padgham consented to play some very exquisite selections and the evening closed in "a concord of sweet sounds."

Tustin W. C. T. U. Tomorrow

The Tustin W. C. T. U. will meet tomorrow afternoon with Mrs. W. L. Shatto. Mrs. Halderman will have charge of the program.

Tustin "Y" Meeting Postponed

The meeting of the Tustin "Y" which was announced for Friday, Oct. 14, has been postponed until Friday, Oct. 21, on account of the meeting at the Presbyterian church.

McFadden-Schussler

At 8 o'clock this morning at San Diego, Miss Frieda Schussler became the bride of John A. McFadden of Santa Ana. Both are well known here, where they will make their home.

To Sell Ranch

Judge West yesterday signed an order of sale authorizing J. A. Turner as administrator of the estate of Charles F. Matthews to sell five acres of land to the highest bidder at private sale. The property is said to be valued at \$4500.

Set for March 6

Y.M.C.A. BOYS WILL HAVE CAMP WILSON REUNION

An old-time Camp Wilson campfire will be held at the home of Victor A. Porter at Fullerton, Friday evening, Oct. 14, 1910. An interesting program has been prepared, one number of which will be a talk by C. C. Chapman on "How Young Men Should Invest Money." This campfire is in honor of the new county secretary of the Y.M.C.A. All Camp Wilson members are wanted to be present, and everyone is asked to come and enjoy the evening.

PERSONALS

Mrs. H. G. Hull made a morning journey to Los Angeles. Mrs. Hull leaves next week for Kern county, where she will join Mr. Hull for the winter.

Miss Katherine O'Donnell, who is suffering from a serious attack of inflammatory rheumatism at the Santa Ana Hospital, is improving slowly.

Sherman Stevens and Geo. E. Preble were among the local business men going to Los Angeles this morning.

Robert Eaton spent today in Pasadena.

Mr. and Mrs. E. E. Vincent made a trip to the Angel City this morning.

Mrs. P. R. Reynolds was a morning passenger on a Los Angeles-bound car.

Mrs. Rufus Sanborn made a morning trip to the city today.

Rev. and Mrs. C. H. Seecombe spent today in Los Angeles, Mr. Seecombe having charge of a large Teacher Training class, which will engage his attention for a few weeks during the absence of the regular teacher.

B. Uttley was a visitor to Los Angeles this forenoon.

Mrs. W. W. Crozier, Mrs. J. H. Garnett and Mrs. Mac Robbins spent today in Los Angeles, visiting Misses Mildred and Florence Crozier, who have a bungalow in the city, where Miss Crozier is teaching and Miss Florence is attending Normal.

Mr. and Mrs. F. C. Rowland and little daughter will spend a few days at Monrovia and Pasadena, leaving today for those cities.

SANTA MONICA WILL SUE BOND COMPANY

VENICE, Oct. 12.—The council has instructed the city attorney of Santa Monica to file suit against the Aetna Indemnity Company for \$23,000 because of that corporation's failure to make good the money due as a result of the defalcation of Ralph Bane, former city treasurer and tax collector.

—Implements and vehicles. J. C. Williams & Son, 307-9 East Fourth St., Santa Ana. 161-7 North Glassell St., Orange.

—The Probation Committee of the Juvenile Court will consider the application for position of Superintendent and Matron of the detention home in Santa Ana. Applications must be in by Oct. 20. Address, with reference, Rev. J. H. Scott, 512 French St.

—Don't miss seeing the United Vaudeville Stars Company, Thursday, Oct. 13, 1910. Seats 25, 35 and 50c. A first class attraction.

—Enroll now in the night school of Orange County Business College.

W. C. T. U. HAD A GOOD MEETING

The Women's Christian Temperance Union held a very interesting meeting yesterday afternoon at the home of Mrs. J. N. Anderson, 501 Wellington avenue. The parlors and hall were well filled with members and friends of the union.

Mrs. J. A. Stevenson led a very appropriate temperance devotional service. Two hymns were sung, led by Mrs. F. H. McElree. The subject for the afternoon was "Medical Temperance" and the program was in charge of Mesdames Jones, Davies and Warner. Medical Temperance is considered one of the most important departments of work. Mrs. B. J. Warner read an article on coco cola.

Mrs. Nora Davies, county superintendent of medical temperance, gave a good talk on the subject using several posters such as "Alcohol Not Needed as a Medicine," "Alcohol Shortens Life," "Patent Medicines, Percentage of Alcohol." Mrs. Warner spoke on "Alcohol Not a Food Nor a Stimulant."

Mrs. Anderson spoke on the subject and Mrs. Jones gave a reading on "Don'ts."

The president announced that Mrs. Hester T. Griffith, state president of the W. C. T. U. would speak in the Santa Ana Christian church on Sunday at 11 o'clock, and on Sunday afternoon at 3 o'clock Mrs. Griffith will address the women of Garden Grove in the Methodist church.

The books of the circulating library having all been returned were on hand for distribution, the ladies availing themselves of such books as they desired.

The committee from the W. C. T. U. to work with the parent-teachers' committee to arrange meetings for the year were appointed as follows: High school, Mrs. John Swanner; First street, Mrs. Geo. Hell; Third street, Mrs. W. T. Mitchell; Central, Mrs. C. W. Burns; Lincoln, Mrs. S. M. Davis; Jefferson, Mrs. Walter Tedford.

The teachers' banquet will be held on Friday evening, Nov. 4th. Committees will be appointed and announced at an early date.

The float committee reported that the W. C. T. U. had decorated an appropriate float for the Parade of Products and had received the second prize of \$25.

The union desires to express thanks and appreciation to all those who so kindly aided in building the float, especially to the city for a team and driver, to Mr. D. A. Osborne for wagon and rack and to all who lent ponies for the boys to ride.

Mrs. Norman announced that the county executive and institute of the W. C. T. U. would be held in Villa Park on Tuesday, Nov. 1st. Mrs. Tedford announced that the chrysanthemum show by the school children would be held at Potters store this month in connection with Potter's flower show.

The next meeting will be held at the home of Mrs. Eva Blue, 115 Orange avenue, subject, "Sunday School Temperance."

GRAND PRIZE AUTO RACE AT SAVANNAH ON NOV. 12

NEW YORK, Oct. 12.—All doubt of Savannah getting the grand prize automobile race was removed yesterday when the board of governors of the Automobile Club of America, at the request of the Motor Cups Holding Company, and with the approval of the New York Club contest committee, granted a formal sanction for the race and also a sanction for the light car race.

The grand prize race will be held on November 12 and will be over a course of about 400 miles in length, while the light car race will be held on November 13.

FISH FOR JACK SMELT WITH ELECTRIC LIGHTS; DO NOT GET A NIBBLE

LONG BEACH, Oct. 12.—Captain J. D. Loop, master of one of the gasoline launches in the bay; Assistant Wharfinger Long and Engineer Stitzer made a trip to Point Firmin late Monday night to catch jack smelt by submerged electric light. The experiment had never been tried here before and with the idea that it might be made an attractive sport, the party rigged up lines and sinkers to which they attached tiny electric lights of two and four candle power.

As described by the returning fishermen the fish swarmed about the hooks, attracted by the light, but refused absolutely to take the bait, and the party returned without having landed a fish.

Captain Loop is enthusiastic, however, over the discovery of the beauties seen in the depths at night by electric light and is now engaged in arranging a series of lines to which can be attached large lights of 64-candle power that will light up the waters and show not only the many varieties of fish, but the sea grasses and other beauties of the deep.

—Implements and vehicles. J. C. Williams & Son, 307-9 East Fourth St., Santa Ana. 161-7 North Glassell St., Orange.

Santa Ana

Would you be one of the employers or one of the servants? Without money you are forced to sell your time and efforts to others in order to secure your daily bread. With a growing bank account you will soon be able to command not only your own time and labor but that of others also. Small savings, persistently deposited in bank, will eventually raise you above the average and enable you to become one of the rulers. Don't wait for fortune to hand you a prize but start a Bank Account and build to success.

YOU Can Do it!

Orange County Savings Bank

116 West 4th Street

A Checking Account

Adds to Your Standing

If you pay your bills by check people will see that you have a bank account and both your standing in the community and your credit will be higher, for there is nothing that raises a man or woman in the estimation of his fellows as the knowledge that he has money in the bank. This bank cordially invites you to open a checking account and to enjoy all its facilities.

Your Wife's Account

Women do the greater part of the buying in this country, and nine times out of ten they are the power behind the throne when it comes to domestic economy.

The housewife will find it to her advantage to pay the household expenses by bank check.

A checking account will save her the worry of carrying her money and will furnish her a voucher for every expenditure.

THE FIRST

NATIONAL BANK

OF SANTA ANA

OUTFALL TERMINUS PERMIT FROM THE WAR DEPARTMENT

The War Department has given a formal permit, or has signified its intention of giving the permit, to the city of Santa Ana for an outfall sewer terminus in Newport Bay.

The Board of Trustees of Newport Beach have received a letter in regard to the matter, as follows:

War Department,
Washington, Sept. 21, 1910.

Mr. A. N. Smith, President Board of Trustees, City of Newport Beach, California.

Dear Sir:—Referring to your letter without date, protesting, for reasons stated, against granting the application of the city of Santa Ana, Cal., for permission to discharge sewage in a liquid state into the waters of Newport Bay, I beg to inform you that the chief of engineers, U. S. Army, to whom the matter was referred, reports, under date of 20th inst., as follows:

"The discharge of liquid sewage into the navigable waters of the United States is not forbidden by any federal law, and consequently the consent of the War Department to this part of the project is not required. Such consent is necessary, however, to that part of the project which involves the excavation of a channel into the bay.

"Newport Bay is navigable, in fact, and while its use for commercial purposes is very limited, it is of much importance for fishing, bathing and

other pleasure purposes. While the discharge of sewage as proposed by the city of Santa Ana is unobjectionable from the standpoint of public navigation, it is very objectionable from an aesthetic and sanitary point of view, and a number of protests have been filed against it. These are matters of local concern, however, and afford no basis for unfavorable action by the War Department, but in view of the hurtful effect that the discharge of sewage would undoubtedly have upon the value of the bay as a pleasure resort, I am of the opinion that the department would be justified in withholding its formal permission in the case.

"I accordingly recommend in lieu of a formal permission that the district engineer officer be authorized to inform the city authorities that the War Department will make no objection to the construction and maintenance of a sewage channel, 10 feet in width, extending from high water mark to low water mark, in Newport Bay, at the location shown on the accompanying map, provided the work is executed in a manner satisfactory to him; and that all material discharged through said channel shall be in a liquid form."

The foregoing recommendation has this day received Department approval.

Very Respectfully,
ROBERT SHAW OLIVER,
Acting Secretary of War.

OUR WASHINGTON LETTER

WASHINGTON, October 11—Flying southward like wild birds, but centering in the capital, government officials are returning to the scene of their labor. President Taft will not leave Beverly for the White House until October 18 and others will not return until about that time but a number have come in from their vacations and inspection trips. Bronzed, erect and cheerful, they seem to have fared well, whether absence was due to a desire to seek rest or the prosecution of official business.

The passion for inspection, like typhoid fever, is almost entirely a summer disease in Washington. When the thermometer mounts to the hundred mark and the asphalt pavements on Pennsylvania Avenue begin to grow mushy under foot, those who hold down the padded chairs behind the mahogany desks in the executive department begin to waken to the necessity of going off some-

where to do some inspecting.

It has been a growing habit for a number of years, it is said to be a good thing for the men who go to see something of their official dominions. But it was not so in George Washington's time, nor in Grover Cleveland's for that matter. Washington had a home down the river within easy distance of this city at Mount Vernon. Cleveland had a summer place just on the outskirts of the city which has given the name Cleveland Park to one of the capital's suburbs. Of late Presidents have been obliged to hie off to summer resorts and smaller officials, at the same time, can very conveniently find it necessary to inspect.

Former Secretary of the Navy, Newberry, who stuck to his desk, grimly observed once that it seemed to be a matter of tradition that navy yards in the vicinity of New Orleans and Florida needed inspection in the winter time and the yards and stations at Newport and Portsmouth had to be looked after in the summer. The same rule holds for the ordinary inspection trip. Canada, Alaska and cooler regions are the favorite hunting grounds for inspectors and occasionally there is necessity for making a hurried trip to Europe to see how things are being done on the other side.

Secretary of the Navy Meyer is going to inspect the naval stations from New York to Puget Sound and Cuba. Secretary Dickinson, who has already done the Philippines, and China is now coming home with Gen. Edwards, Chief of the Insular Bureau, by way of Siberia and will stop at Berlin and some other places to glean bits of military wisdom in passing.

Secretary Nagel and Attorney General Wickersham have gone through the arduous duty of inspecting the muddled affairs in Alaska, at the direction of President Taft.

Assistant Secretary of War Oliver found it necessary to inspect some

of the forts in New Mexico. Incidentally he saw the snake dances and a few other sights of the southwest. Assistant Secretary of the Navy Winthrop, who has been one of the few high officials to stay in Washington most of the summer, has occasional fits of the inspection fever.

In the State Department, there has also been some desultory summer inspecting. Secretary Knox has kept the sylvan quiet of his farm at Valley Forge. Occasionally it has been necessary for officials to run up to communicate with him and discuss affairs of the moment. Director General Carr of the Consular Service made a trip to Canada to see some of the consular posts. The head of the bureau of trade relations, J. B. Osborne, went to London and other places in an official capacity.

Rear Admiral "Reggie" Nicholson, chief of the bureau of navigation of the Navy Department, a short time ago went to San Francisco to inspect the yard at Mare Island. Other Real Admirals also have found it necessary to take trips here and there during the summer season.

It might even be said that the trips are necessary for many of the men who go away; that it is directly in the line of their duty and of advantage to them in their work. In general way all that can be said of the habit is that it is of modern origin, as is the summer vacation.

Secretary MacVeagh spent several months of his summer home at Dublin, N. H. He had the service of a stenographer and devoted several hours every day to the affairs of the department, sent to him from the main office. Assistant Secretary Hillis spent some time in Ohio, the home state of Mrs. Hillis, and took a look at the Ohio Republican State Convention. He also spent some time on the New England Coast. Assistant Secretary Andrew enjoyed a sojourn for several weeks at his summer home near Gloucester, Massachusetts. Both Mountains and the sea appeal to Lawrence O. Murray, Comptroller of the currency. He visited Atlantic City and then sought the higher life in a mountain resort. Royal E. Cabell, Commissioner of Internal Revenue, made a trip to the Pacific Coast. He called meetings of revenue collectors for consultation and instruction and in California he conferred with wine makers concerning contested points in the enforcement of the revenue laws. Lee McClung, treasurer of the United States, visited Atlantic City and New England.

Secretary Wilson, of the Department of Agriculture, passed up all the resorts and found joy and comfort on his Iowa farm.

Secretary Ballinger, of the Department of the Interior, inspected a number of parks and reclamation projects in the west and visited his home in Washington.

Postmaster General Hitchcock sought relief from the withering Washington summer in a trip to Europe and later visited Arizona and New Mexico.

An inspection of immigration stations was made by Daniel J. Keefe, commissioner general of the Bureau of Immigration. He visited the stations along the Canadian border where many problems exist over the smuggling of Chinese and other undesirable aliens into the states.

An effort, successful for six months, to keep secret the biggest and most costly gift in Washington for next Christmas has come to failure. Now everybody in Washington except Secretary of the Treasury McVeagh knows that the "palace of mystery," the splendid mansion nearing completion on Sixteenth street hill, is to be turned over fully furnished, Christmas morning, to Mr. McVeagh. It will be a present from Mrs. MacVeagh. The cost of the mansion, it is said, is about \$250,000.

It is located in a fashionable residence neighborhood and when the work of construction had proceeded to a point that disclosed the magnificent proportions and costliness of the building, neighbors and regular passers-by became curious as to its ownership. Casual inquiries that usually serve in such cases, were made without result. Gradually the house became a mystery and then there was lively scouting to get the information. The architect and a bank president who paid the bills were in the secret but they had nothing to say.

The fact has come out, however, that it is Mrs. MacVeagh's house and that she is going to present it to her husband. The construction work is to be completed November 1, and the time from that date until Christmas is to be devoted by Mrs. MacVeagh and a few friends, let in to the secret, in selecting the furnishings. The mansion is of marble and four stories in height. A fine pipe organ will be one of the features.

—Full line of second hand cars; from \$100 to \$600. Fourth Street Garage.

CASTORIA

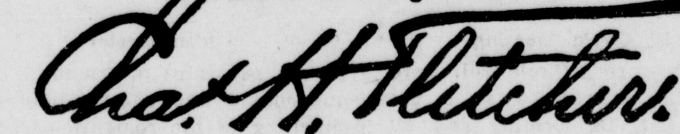

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. A NEW TRAIN TO THE EAST

Known as "The American Express," (an electric lighted, limited, sleeping car train) is now in operation over the Salt Lake Route leaving Los Angeles daily at 2:00 p. m. It carries standard sleepers for Chicago and Denver, and tourist sleeper and lining car for Salt Lake City.

Also has an American Express Co. car through to Chicago and New York. This train in connection with "The Los Angeles Limited" and "The Overland Express" gives the Salt Lake Route three trains daily to the East. Your patronage will be appreciated for either the older trains or the new.

LEGAL NOTICES

Notice to Contractors
—Notice is hereby given that the undersigned will receive sealed bids from contractors until the 18th day of October, 1910, up to 7:30 o'clock p. m. of that day to construct a gymnasium building on Lincoln school grounds in the City of Santa Ana, California, according to specifications for said gymnasium building.
Contractors may see said specifications at the Cr. Okshank-Beatty store. Said work will be let to the lowest responsible bidder but the Board of Education reserves the right to reject any or all bids and re-advertise for the same.

JOHN BEATTY
Secretary of the Board of Education
of the City of Santa Ana, Cal.

NOTICE

For Publication of Time for Proving Will, Etc.
In the Superior Court of the County of Orange, State of California.
In the matter of the estate of David Rowland Brown, deceased.
Notice is hereby given that Friday, the 14th day of October, 1910, at 10 o'clock a. m. of said day, at the Court Room of this Court, in the City of Santa Ana, County of Orange, State of California, has been appointed as the time and place for hearing the application of William Lear Brown praying that a document now on file in this Court, purporting to be the last Will and Testament of the said deceased, be admitted to probate, that Letters Testamentary be issued thereon to William Lear Brown at which time and place all persons interested therein may appear and contest the same.
Dated Sept. 30, 1910.
W. B. WILLIAMS, County Clerk.

Notice for Sealed Bids
—Notice is hereby given that sealed bids will be received up to 5 o'clock p. m., Nov. 7th, 1910, for one heating plant for the city hall, Santa Ana, Cal. Bidders to furnish plans and specifications with their bids; also a certified check of 5 per cent of bid.
ED. TEDFORD, City Clerk.

Reo Breaks the Record from New York to San Francisco—What This Means to You.

The previous record was 15 days, 2 hours, 12 minutes, and it was a good one. It has stood three years in spite of many efforts to break it; for the speed required over all sorts of roads—and much of the way nothing but "desert tracks"—make the trip the severest possible accelerated test of endurance.
But at last the Reo tried it and smashed the record all to pieces—beat it by 4 days, 10 hours, 59 minutes, and beat it fairly and squarely. The Reo record is 10 days, 15 hours, 13 minutes.
Come, let us show you more about this wonderful car.

FARMERS ATTENTION

WE WANT FARMS—We are enlarging our listing of farm properties in the Santa Ana, Orange and Garden Grove districts and make this appeal to OWNERS. We are driving many buyers now, and the fall and winter demand for farms is increasing. Good farms at right prices and terms will sell. Therefore, list early, as our representative inspects all listings before advertised.

WE ARE PIONEERS IN THE FAMOUS LINDSAY-EXETER ORANGE DISTRICT

TULARE COUNTY has made wonderful development in the past six years. Six years ago we opened offices in Lindsay and Exeter and since that time have located hundreds of homeseekers in that now famous orange district. We are the owners and sole agents for some of the best properties now on the market and any one desirous of investigating Tulare county will do well to confer with us and get a list of some of the splendid properties we have for sale.

If you have a farm for sale, list it with us. If you are going to Tulare county, get our list.

Dean Says

This Genuine Seal Leather Hand Bag Only \$5

There is Real Seal and there are many imitations, but when you see and feel the genuine Seal there is no mistaking it.

Our line of \$5.00 Seal Hand Bags are genuine seal leather in that desirable black pebbled effect, with gold or gunmetal trimmings. They have four inch gusset ends making them very roomy and are lined with the finest of kid. The frame, handle and clasp are extra good and are made to stand the wear. The inside coin purse is made to correspond with the bag.

This is a special bag at a special price and is one you would ordinarily pay much more for—an exceptional \$5.00 value.

We Have Other Good Hand Bags at \$2.50 and Upward

COMMERCIAL HIGH ACCEPTS BANNER

Prof. Cranston Presented Trophy Won for Float—Excellent Speeches Follow

At the Commercial High School yesterday Superintendent Cranston presented the students with the banner won by their float in the floral parade Saturday, Miss Alice Wasser, chairman of the float committee, receiving it on behalf of the school.

Mr. Cranston took occasion to compliment the students and faculty on the fine general business atmosphere of work. Without reflecting upon those connected with past commercial teaching, under different plans and conditions, he complimented the students upon their admirable disposition to subordinate all other things to the one great work of getting the most possible from the new conditions, and predicted that a continuation of the effort and spirit now shown would bring a speedy realization of the high hopes held by those responsible for the new school as it now exists.

Mr. Cranston made clear the fact that the work is not to be considered in any degree as a plaything, not secondary, but the one great consideration in the lives of those taking commercial work, so that a diploma from the Commercial High School will stand for absolute proficiency in business so far as it is possible for a school to prepare one.

Continuing, he brought out the enthusiasm of the students and finished in a burst of applause from the body. He closed with a good natured challenge for a speech from the chairman of the committee and from each teacher. Miss Wasser being overly modest, Mr. Keefover responded in an acceptance of the banner for the school. He spoke for the individuality that is marked, that stands of itself, unsupported, for the person or institution that has the faith and desire to ask no undue help or favors, but that in its independence of props and supports carries still a kindly regard for the welfare of others. The banner typifying just such faith and desire for self dependence meant much, for every thread of it reflected an effort of honesty or character.

Mr. Hughes followed with an impromptu talk of some minutes, in which he complimented the students on the splendid spirit of accomplishment as shown not only in the winning of prizes by a school only two weeks old, but in the daily work as well. He was followed by Miss Thomas. She remarked that the occasion illustrated the truth of the saying that women always have the last word, and the aptness of it was greatly appreciated. She dwelt upon the fact that irrespective of visible reward, the value of effort is never lost to those who strive.

The proceedings were marked throughout by interest, and an enthusiasm that showed itself in generous applause and in a vote of thanks for the float committee.

A Canned Goods Dinner

"For an informal dinner, a canned meal is novel," says the Woman's Home Companion for October. "The invitations may be made the shape of a tin can, on the label of which is printed: 'This can contains hearty invitations to (with the particular place and time).' Anything is permissible on the menu that comes in a can or canister, a jar or glass or box. Study the catalogue of a good grocery establishment and you will find that even an elaborate meal can be planned within these limits. You can get olives, caviare and anchovies, soups in great variety, bacon in jars and Saratoga chips, cans of truffled sausages, boned turkey, chicken in jelly, cans of roast beef, pate de foie gras, crabs and crab-meat, artichokes, mushrooms, cheese, ready-made entrees like beef a la mode, braised beef, chicken-curry, goulash, veal and green peas, chicken and ham pates and, of course, fruits, jellies and jams, lady-fingers and macaroons and crackers. These are only suggestions. 'Small jars of candies or shelled nuts and raisins make nice favors.' 'If so desired, this canned dinner or luncheon may be incorporated in a 'Modern Age' entertainment, at which everything is done in the most up-to-date way practicable. Invite your guests by telephone. Use a tea machine and a coffee percolator, and have the chafing-dish on the table, even if only one dish—creamed chicken, for instance—is prepared on the scene. An automobile ride afterward would make an acceptable last touch. The place-cards should have an Art Nouveau design if possible."

POPE RECEIVES FLINT

ROME, Oct. 12.—The pope yesterday gave an audience to United States Senator Frank H. Flint of California.

J. W. Shaul, M. D., eye, ear, nose and throat. Glasses fitted. 110 1/2 East Fourth St., Santa Ana. Both Phones.

PESTILENCE AND FAMINE IN WAKE OF FLAMES

(Continued from Page One)

saying he "must decline to reply to personal attacks." When told that Alton B. Parker predicted that he would flatly refuse to be a candidate for a third term, Roosevelt grinned and said:

"I have nothing to say; nothing." The Colonel lunched at the Peoria Country Club and attended a reception at the home of Bishop Spalding. Roosevelt and Bourke Cochrane will be guests of honor at a banquet tonight.

GREAT FOREST FIRE

RAGES IN COLORADO
CARTER'S LAKE, Colo., Oct. 12.—Driven by a twenty-mile wind, a forest fire exceeding twelve miles in length, is sweeping over Big Chief Mountain, near here.

Twenty square miles of valuable timber has already been burned.

Fifty men, under the direction of Matthew D. McEnery, chief of field division of the forestry service at Denver, arrived here last night by special train, and 100 more have been asked for.

Fears are expressed for the safety of a score or more ranchers.

FRANCE IS STANDING ON VERGE OF ANARCHY

(Continued from Page One)

If violence begins. Two wrecks outside Paris is reported today as a result of the activities of the strikers. Thousands of American tourists are unable to leave the country through the usual channels.

Federation Declared Strike

PARIS, Oct. 12.—At 1 o'clock this morning the National Federation of Railway Unions voted in favor of a general strike on all railway systems. The executive committee of the union however has appealed to the various branches of the organization and its affiliated societies to resist the agitation of those who are trying to force them into an ill-considered strike movement and to insist that their right to work be respected.

Instructions were given that the vote should be made effective immediately.

The strike is due to the refusal of the railway companies and the state to increase the minimum rate of wages from 60 cents to \$1 a day.

—Don't miss seeing the United Vaudeville Stars Company, Thursday, Oct. 13, 1910. Seats 25, 35 and 50c. A first class attraction.

ROW OVER CHILD'S CRIB MAY CUT EXPRESS RATES

WASHINGTON, Oct. 12.—A baby's folding crib may prove the undoing of the express companies of this country and be the rock on which will split the alleged agreements to rates and territory said to exist among them.

The Interstate Commerce Commission has a complaint on charges of a baby's folding crib shipped from Chautauqua, N. Y., to Centerville, Pa., by Charles L. Hamilton, a merchant of Pittsburgh, that is said to offer a concrete example of an overcharge and to bring proof of an agreement in conflict with the law. Hamilton wanted the crib shipped via Mayville over the Pennsylvania railroad. The American Company's agent at Chautauqua refused, saying: "The American Express company has an agreement with the Adams Express Company that prohibits our making delivery at Mayville of packages received at this point."

The crib went by another route and the charge was \$2.50; \$1.50 to the American company and \$1 to the Adams company.

DUKE OF CONNAUGHT AND WIFE ARE OFF TO AFRICA

LONDON, Oct. 12.—The Duke of Connaught, accompanied by the Duchess and the Princess Victoria Patricia, left yesterday for South Africa, where he will open the first parliament of the Union of South Africa on November 4. The Duke will visit the other British dominions in Africa.

Stanley Cream—Delicious Dessert
Stanley Cream is a quickly-made dessert. Cut one-fourth of a pound of marshmallows, one-half cupful of English walnut meats and one-fourth of a cupful of Maraschino berries in small pieces. Beat one cupful of heavy cream until stiff and add two tablespoonsful of powdered sugar, one teaspoonful of vanilla and a few grains of salt; then cut and fold in the prepared ingredients. Turn into a mold and chill thoroughly.—Fannie Merritt Farmer in Woman's Home Companion for October.

DISPUTED GAMES GO TO OAKLAND

Pres. Graham of Coast League Declares Matter Against Portland Team

SAN FRANCISCO, Oct. 12.—President Graham of the Pacific Coast League, today officially declared the Oakland-Portland games of September 28, 29 and 30 forfeited to Oakland because of the participation with the Portland team of Gus Hettling, who was under contract to Spokane.

The decision reverses the league standing, putting Oakland in the lead with the following percentage: Oakland, won 109, lost 83; percentage, 568. Portland, won 98, lost 76; percentage, 563.

When he heard that the decision of President Graham had awarded the disputed games to Oakland, Manager McCredie of the Portland club, declared that he will appeal the case to the national commission.

"The whole affair is a frame-up," he said. "The Coast League is rotten clear through. They are peanut politicians; they are robbers."

BARNEY OLDFIELD GETS SUSPENSION

Auto Association Objects to His Match Made With Jack Johnson

NEW YORK, Oct. 12.—Barney Oldfield, the daring auto driver, who was recently matched to race Jack Johnson, champion heavyweight, at the Sheepheads Bay track on October 20, was suspended and disqualified last night by the contest board of the American Automobile Association. The same ban was placed on W. H. Pickens, Oldfield's manager. The action by the contest board was taken because Oldfield arranged the match with Johnson, which raised the board regards as detrimental to the interests of regularly organized competitions.

TO PUT CASE BEFORE JURY

Plaintiff Asks Judgment for \$815; Defendant Wants \$2500

In the superior court today the trial by jury of the issues in the civil action of Henry Blaeholder against J. E. Guthrie was begun. Williams & Rutan and Clyde Bishop appearing for the plaintiff and Daniel & Daniel for the defendant.

Do You Get Pure Milk?

If you are not sure on this point, it's time you were giving it your attention.

IT'S VERY IMPORTANT

to every member of your family that you know the source of your milk supply.

We extend a cordial invitation to all milk users to visit our dairy and see for themselves the manner in which a modern dairy is conducted. Every day is visitors' day.

Santa Ana Jersey Farm Company

J. T. RAITT, Manager

The plaintiff's amended complaint asserts that he took charge of the Guthrie ranch at McPherson in May, 1908, under an agreement whereby he should care for the place and receive half the proceeds of the crops. He alleges that there is due him \$815 for his share of oranges and walnuts sold.

Guthrie has a cross-complaint in which he declares that Blaeholder neglected and damaged the trees, that he raised and sold vegetables for which he made no division with Guthrie, that he sold gum wood from the place, destroying a wind-break, that he sold some walnuts, and that he was paid for oranges he should not have been paid for. Altogether, the cross-complaint asks that the court award Guthrie \$2500 damages from Blaeholder, and of that amount \$1000 is for damage to the trees for neglect, and \$300 for the loss of the wind-break.

PATHFINDER FOR COAST TO COAST AERO FLIGHT

NEW YORK, Oct. 12.—When Governor Horace White flashed the word from Albany at 10:30 o'clock yesterday morning, A. L. Westgard, chairman of the automobile touring club, promptly set out from Seventy-sixth street and Broadway on his automobile journey across the continent to lay out a route for the aviators who will try to win the prize of \$50,000 offered by William Randolph Hearst for a flight from coast to coast.

BAPTISTS CONVENE AT BAKERSFIELD

BAKERSFIELD, Oct. 12.—More than six hundred delegates from the southern part of the state arrived here this evening for the fortieth annual meeting of the Los Angeles Baptist Association. The session will continue through Wednesday and Thursday.

Another Hero

"He's a champion, is he? He doesn't look it. Champion of what?" "You don't keep abreast of the times. He's the champion cigar root smoker; lights one with the stump of another; rolls them himself as he goes along, and smokes sixty without letting any of 'em go out."

Too Much for One Ear

The young man had talked for ten or fifteen minutes without a break, when the girl at the other end of the wire interrupted. "Just a moment, Guy!" she said. "What is it, Fleda?" "I want to change the receiver to the other ear. This one's tired."—Chicago Tribune.
